

# Malware Reverse Engineering Conference 2015

Thursday 1<sup>st</sup> & Friday 2<sup>nd</sup> October 2015  
Melbourne, Victoria, Australia

## Thursday 1<sup>st</sup> October, 2015 – MRE Conference Academic Research Workshop

Conference Room, Defence Sciences Institute, Level 4, 204 Lygon St, Carlton Victoria

## Friday 2<sup>nd</sup> October, 2015 – Cybersecurity and Industry

South Room, South Room, Woodward Centre, Level 10, 185 Pelham St, Carlton, Victoria

Following the success of the Malware Reverse Engineering Workshops held in 2013 and 2014, we are pleased to announce that the **Malware Reverse Engineering Conference 2015 (MRE 2015)** will be held in Melbourne on 1<sup>st</sup> & 2<sup>nd</sup> October 2015.

**MRE 2015** is a bridge between industry, law enforcement and academia, with a strong focus on practical results from research and development projects in malware reversing.

The workshop aims to cover:

- Reverse engineering methods, analyses and algorithms
- Behavioural and attribution analysis of malware
- Impacts into the financial sector and government agencies

### Keynote speakers:

**Prof Arun Lakhota**, Professor of Computer Science, Centre For Advanced Computer Studies at the University of Louisiana at Lafayette, USA

**Dr Mike Davies**, Research Leader Cyber Assurance and Operations, Defence Science and Technology Group (DST Group)

### Registrations:

Further information on the **Malware Reverse Engineering Conference 2015** and registrations are available at <http://federation.edu.au/icsl/malware-reverse-engineering-workshop-2015>

ICSL would like to thank the following organisations for their sponsorship support of the **Malware Reverse Engineering Conference 2015**:
